Friendly people, fantastic seafood, ramen, Japan's biggest festival, and beautiful nature

Great food and even better company reign supreme in Fukuoka, the relaxed port town that is at the heart of life on Kyushu, Japan's third-largest island. The city is the fastest growing in Japan and has engaged in cultural exchange throughout its history from its proximity to mainland Asia.

Don't Miss!

- Fukuoka City has some of Japan's best food, and tonkotsu ramen is especially popular
- Fukuoka hosts Dontaku, Japan's largest festival, and various other festivals such as "Hakata Gion Yamakasa" which will be held just after 51JSOT meeting!
- Fukuoka's compact size makes it a great place to enjoy both the sea and the mountains

Welcome Message

Dear Esteemed Colleagues,

With great pleasure and enthusiasm, I extend my warmest greetings to you as we announce the forthcoming "The 51st Annual Meeting of the Japanese Society of Toxicology", to be held in the captivating city of Fukuoka, Japan. As the President of this prestigious scientific gathering, I am honored to invite you to participate in this esteemed event, which will take place from July 3 (Wed) to 5 (Fri) at the Fukuoka International Congress Center.

Our yearly gathering on toxicology has been a reliable forum for sharing up-to-date research and insights in the field. Distinguished scientists, industry professionals, and academics from all over the world attend. We are thrilled to hold this year's event in the lively city of Fukuoka, which is famous for its cultural heritage, technological advancements, and stunning scenery.

Our 2024 meeting's theme is "A new decade for JSOT. Fusion of other science fields and strengthening of Industry-Government-Academia Collaboration". We are dedicated to promoting the understanding, prevention, and mitigation of toxicological hazards to protect human health and the environment. Our goal is to investigate new research trends, share innovative methods, and encourage partnerships that will advance the field of toxicology.

We encourage you to contribute to this vibrant scientific gathering by submitting abstracts for oral and poster presentations. Share your latest research findings, technological advancements, and groundbreaking discoveries with the global toxicological community. This meeting will offer a remarkable opportunity to engage in stimulating discussions, exchange insights, and form new collaborations with fellow scientists from diverse backgrounds.

With its historical landmarks, delicious cuisine, and warm hospitality, Fukuoka provides an ideal backdrop for this meeting. We have meticulously planned an exciting social program, including a welcome reception, cultural tours, and a gala dinner, allowing you to immerse yourself in the unique Japanese culture and forge lasting connections with your peers.

On behalf of the organizing committee, I sincerely hope that you will accept our invitation to this Meeting. Your participation will undoubtedly enrich the scientific discourse and contribute to the advancement of toxicological sciences.

Please visit our conference website [https://www.jsot2024.jp/index_en.html] for further information, including registration details, important deadlines, and accommodation options. Should you have any inquiries or require additional assistance, please do not hesitate to contact our dedicated organizing team at [secretariat@jsot2024.jp].

We eagerly anticipate your presence at this momentous event, and we look forward to welcoming you to Fukuoka, Japan, in July 2024 for an unforgettable scientific and cultural experience.

With warm regards,

Takashi Uehara, Ph.D.
President, The 51st JSOT Annual Meeting
